VOLUME XIX

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, JUNE 28, 1916.

NUMBER 35

Married Seated in their Buggy.

Last Tuesday afternoon Mr. Wyatt Conover, son of Mr. and Mrs. B. F. Conover, and Miss Ila Epperson, daughter of Mr. T. J. Epperson, surprised their friends by driving to the residence of Rev. W. R. Wagoner, who joined the couple in wedlock while they were seated in their buggy.

The groom is a salesman in Barger Bros. store, and has many friends throughout the county, all of whom will be glad to learn that he has been happily wedded to the young lady of his choice.

The bride has been a popular school teacher, and is a favorite in the neighborhood where she was reared.

Miss Virginia Conover, cousin of the groom and Mr. Will Ed Squires were the attendants.

It is our understanding that the couple will at once go to housekeeping in Columbia.

Every man, woman and child should see "The Battle Cry of Peace" Saturday, July 1st, afternoon and night. 34-2t.

Stabbed.

Last Friday evening Walter Goff was stabbed by Jack Young in the right breast. The trouble occurred on the pike near the Christian church. As we are informed no one witnessed the trouble and we do not know the particulars. Mr. Young was arrested and put in charge of a guard. The wound is not so serious as was at first thought and Mr. Goff will probably be out in a few days.

Mr. Young will be given an examining trial next Saturday week, at which time the facts will be brought out. He is on bond in the sum of \$500.

It is reported that Campbell Oliver, a well-known colored man, met with a stroke of paralysis last Monday.

New Way to Secure a \$5.00 Rug.

I have some fine \$5.00 rugs which a customer can get one or more almost gratis. I am sending out numbered postal cards, and the amount each cash customer pays in is punched. When five dollars worth of goods is purchased, present your card and \$1.48 and I will give you a rug.

T. E. Waggener,
Columbia, Ky. 35-2

There was a balance of \$9,000 due on the new Christian church building, at Campbellsville, last Sunday forenoon. That amount had to be paid before the dedicatory sermon. The members and other persons who were in sympathy with the denomination, in a very short time, subscribed eleven thousand dollars. While Mr. Geo. H. Gowdy abhors notoriety of any kind, it is well enough for the public to know that he contributed \$7,500 to the building of this edifice, though he is not a member of the Christian Church nor any other church. His mother was an ardent member of this denomination, and naturally Mr. Gowdy is in sympathy with it.

Mr. L. Akin, of Sparksville, grew some very fine Saplin Clover this season. He had on exhibition here a few days ago, a sample of the crop which was four feet four and one-half inches high. He had in 2 1/2 acres. From one seed 48 stalks sprung.

Harry Lazarus & Co., will be here Monday to buy mules, 14 hands 1 inch to 16 hands high.

The charge against Press Huddleston for malicious shooting was dismissed by the persons making the charge on the grounds that the woman at whom he was accused of shooting, was of unsound mind and the charge groundless.

There will be singing at Hutchison school-house beginning the first Sunday in July, in the afternoon, at 1 o'clock. It will be conducted by Darnell Bros., Cabell and Rogers.

All parties who owe me by note or account must settle at once. I need the money and must have it. 34-2t. Jesse Murrell.

Will the person who has the book, "Romance of Billy Goat Hill" from the State Library, please return it at once, as the book must be returned to Frankfort. Librarian.

From a Native.

Bowling Green, June 24, 1916.
Editor News:—

I see in this week's issue an article that made me feel personated, hence you will find enclosed \$1 for the News. I can't do without it at all, as I see so much about my dear ones in my native county, where I spent my happy childhood days, and I never shall forget how kind the people of Columbia were to me and my dear brother 3 years ago, when his spirit took its flight to the far away land, and some of them have gone to join him since. I often think of cousin Bill Walker—as good a boy as ever lived, who recently passed over the river, and two lone sisters, but the guardian angel and the good people of Columbia watch over them. I could mention so many who have endeared themselves to me, but time and space won't admit.

I will say something about our wonderful crop of strawberries that we have just shipped from here—370 cars 400 crates to the car \$2 per crate. You see quite a sum of money came into our county and town. There have been a great many more planted this spring, and will be twice as many next year. We've had good rains and crops are fine. Wheat and oats are short. Gardens are bountiful.

I will close hoping Adair and News success and the railroad a go.

Yours,
W. T. Flowers.

Mothers who love your sons and daughters, see "The Battle Cry of Peace," Saturday, July 1st, afternoon and night. 34-2t.

Big Deal.

It is our understanding that Messrs. W. R. Myers & Son have sold their large truck cars and two smaller machines to Mr. Noe, of Bradfordsville, who will succeed Mr. Myers as mail contractor between Columbia and Campbellsville. The deal takes effect the first of July. Mr. Myers has given entire satisfaction to the government and also the traveling public. It takes quite a sum of money to pay Mr. Myers for his outfit.

Notice.

Men who have Automobile troubles call at J. M. Kearne's machine shop and garage. He has Mr. Wade Helm now ready to adjust any auto trouble that may come before him. He is a first-class garage workman. We are also prepared to accommodate any man or any job that can be done in a shop. Give us a call. 35-3t.

The Cane Valley Brass Band, made up of twelve of the best young men in that town; played for the opening of Nell & Son's show last Friday night. The music was highly appreciated, not only by the show going people, but by the entire town of Columbia.

The new Christian church building at Campbellsville was dedicated last Sunday, an immense crowd of people being present. The church was built at an expense of \$25,000 and it is one of the handsomest in the State. Eld. W. G. Montgomery, who was born and reared a few miles from Columbia, is the pastor. It was a big undertaking to raise twenty-five thousands dollars, but through the untiring efforts of the pastor and some of the members, the money was secured. It is an ornament to the town of Campbellsville, being beautiful in design, and is very handsomely furnished.

Nell & Son opened their picture show last Thursday night, a crowded house being present. The machine was operated to perfection, and the pictures and plays good.

I lost my umbrella. Would be glad to get it. Will Dohoney.

Mr. W. B. Rowe received a letter from Temple, Texas, a few days ago stating that Mr. M. C. Elliott, who was known all over Cumberland county had recently died in that place.

Mr. J. M. Ledbetter, who was an ex-Confederate soldier, eighty years old, died in Taylor county last week. Some years ago he frequently passed through Columbia, going to Cumberland county, where he once lived.

Childrens' Day Exercises.

One of the largest gatherings that has come together for a long time at Jamestown, assembled last Sunday night week. It was "Children's Day," and perhaps as many as fifty children assisted by a few grown persons, participated in the exercises.

Every seat in the Christian church was taken and many had to stand from the beginning until the closing.

All who took part acquitted themselves admirably, and it was frequently announced next morning that it was one of the best entertainments, of its character, ever presented to a Jamestown audience.

Everything was done in order. The singing was inspiring, the recitations splendid. In fact, every thing was done in a way to be appreciated.

There were so many who took part that it is impossible for us to particularize. The exercises were opened with an appropriate prayer by Mr. W. S. Knight.

If you fear war and want to know how to prevent its horrible consequences, see "The Battle Cry of Peace" Paramount Theatre Saturday, July 1st 34-2t.

The James Boys.

The above is the title of a play which will be given at Glenville next Saturday night, July 1st. Twelve characters are represented in the play, and it will be the most thrilling entertainment ever given in that place. The best talent in the Glenville community has been engaged, and the management feels sure that everybody will be pleased. Admission, 10 and 15 cents, the proceeds to go to a fund being gotten up to purchase an organ for the Methodist Church. Come, everybody. 35-2t.

Bakery in Columbia.

Jo Nance, an experienced baker, has opened a bakery in the basement room of the Russell & Co., and will be ready this week to supply the town of Columbia with fresh bread, cakes, pies, etc. Give him a call, satisfaction guaranteed. 35-2t.

Mr. R. W. Shirley, who lives near Milltown, is fearful that he will lose the sight of his left eye. He was recently in Louisville where he consulted specialists, but they gave him but little encouragement. He was in Columbia last Wednesday accompanied by Mrs. Shirley, and he informed The News that his eye had been giving him considerable pain for several days. His friends would be glad to hear of the sight being restored.

Brick for Sale.

I have several thousand hard brick for sale at \$1.00 per hundred. 34-3t. U. M. Grider, Craycraft, Ky.

Oscar Harrison, Jr., twenty-nine years old, a promising young lawyer, was killed by thugs in Louisville one night last week. His father is a son of Wm. F. Harrison, who in his life time was a prominent merchant of Albany, Ky. The dead man was a great nephew of the late Matilda Winfrey, of this place.

The barn and barn lot owned by Mr. E. W. Reed, situated back of his residence, has been secured by the municipal board and is designated as the Columbia Pound. All stray stock will be taken up by the marshal and placed in said pound and securely kept until the owner calls, pays charges and takes same into his possession.

S. E. Hunt, who is a State road inspector, and who was recently arrested at Jamestown and carried to Campbellsville, charged with an offense against the Commonwealth, is in the Taylor county jail, awaiting bond. Bond has been given and Mr. Hunt is now in Russell county, at work.

St. John's Day was appropriately celebrated by Hood Masonic Lodge last Saturday. There were a number of visiting Masons present, good speeches being made, and an abundance of dinner. On account of urgent business several speakers who were expected were detained at home.

An Attractive Home Wedding.

Miss Mat Davis and Mr. Willie R. Feese were married last Thursday evening at 8 o'clock, at the home of the bride's cousins, Mr. and Mrs. Leslie Tupman. Miss Pink Callison was maid of honor. Her dress was of white taffeta with pointed tunic of net. She carried a bouquet of ferns and pink roses.

The groom was attended by his cousin, Mr. John Smith.

The bride wore a dress of white georgette crepe and carried a shower bouquet of roses and sweet peas. Mrs. Tupman played the wedding march.

They received many handsome presents.

Adair County Teacher's Institute.

The Adair County Teacher's Institute for 1916, will convene at the Lindsey-Wilson school building on Monday, July 24, at 9 a. m. Prof. E. C. McDougle, of the Eastern Kentucky State Normal will be chief instructor. He will be assisted by Prof. J. W. Ramsey, of Catlettsburg, Ky., who will lead the music and give special work in seventh and eighth grade teaching. These two men are both live wires in their profession, and we expect a great institute. All teachers and persons holding certificates of any kind are required by law to attend the full term of the institute. Tobias Huffaker, Supt.

Mr. Gaither Bryant, who was a gallant Confederate soldier, was in Columbia last Wednesday, the first time for many months. He is now seventy-seven years old, and for some time he has been unable to leave his home on account of rheumatism. He underwent many hardships during the civil war, but he does not often refer to the record he made during that bloody strife, a record of honor and daring deeds of a heroic soldier. Gen. Jo Lewis under whom Mr. Bryant fought, speaking of him, said in this town upon one occasion, that he was the most fearless man he ever saw, and to every bugle call to fall in line, he was willing and ready.

Mr. J. E. Humble, of Russell Springs, was here last Thursday with his son, John E. Humble, who was en route for Leitchfield, in answer to a telegram received from his brother, Alonzo, who is a member of the State Guards, and who has been ordered to the front. The younger Humble goes to Leitchfield to remain with his brother's family while the latter is serving his country. Mr. J. E. Humble talked to his son, Alonzo, while here, and the former stated that the Mexicans engaged the United States troops Wednesday, and that forty of our men were killed, but the Mexican command was routed.

Under the auspices of the National Sporting Club, Bridgeport, Connecticut, Hugh Ross, who was born and reared on Cumberland river, Cumberland county, and who is a former student of the Lindsey-Wilson, this place, met Al McCoy, the world's middleweight champion, last Monday night, in a boxing bout in that city. The result will not be known here for several days, but Ross was looked upon as a winner.

Garage.

We have opened a Garage near Sandusky Bros. mill, and are prepared to do all kinds of automobile work, storage battery and carburetor trouble a speciality. Work guaranteed. Phone 16-O Williams & Patteson. 34-2t.

The social at the home of Mr. and Mrs. W. B. Rowe last Tuesday night was largely attended. Several Columbians were in attendance and they report the occasion very enjoyable.

Rev. S. J. Thompson officiated at a double wedding at Milltown last Sunday. The contracting parties were Mr. Alvin Poff and Miss Pearl Wilson; Mr. Andrew Poff and Miss Bessie Wilson.

Next Monday, county court, Harry Lazarus & Co., will be here to buy mules. Bring them to town. From 4 to 6 years old.

Dr. W. G. Hunter left Louisville this (Tuesday) morning for Columbia, and will come prepared to enter into the railroad deal. Adair county is ready, and next week we hope to be able to be in position to announce to the public that a contract has been made and that the road will be built.

Seats are now on sale for the "Battle Cry of Peace" at L. M. Young's. Get them while there is a choice.

A Message From Senator James.

At the close of the St. Louis convention at which the President and Vice-President were re-nominated by acclamation, a fact without parallel in American history and which has but one interpretation, "Well done thou good and faithful servants," Senator James sent the following message back to Kentucky through the delegation from this state.

"When you get home boys," said Ollie M. James to a number of Kentucky delegates, who had appeared to congratulate him on his speech; the great demonstration that was accorded him and the manner in which he had acquitted himself as the permanent chairman of the convention, "Tell every democrat you meet to lay aside his factional feelings, if he is unfortunate enough to have any, and to get on his toes for Wilson and Marshall and his democratic candidate for Congress and remain on his toes, showing no quarter and holding every advantage legitimately gained until the fight is ended in victory on November 7th."—Cincinnati Enquirer June 18.

This message ought to be heeded especially by the Senator's friends in this district, where a contest is pending for the Congressional nomination against a man who has consistently at all times endeavored to uphold the hands of the President and which contest is not calculated to increase Kentucky's majority or insure her electoral vote for Wilson.—Adv.

If you want a good price for your mules bring them to Columbia next Monday. Harry Lazarus and Co., will be here.

Jurors in Russell Circuit Court.

The following gentlemen make up the jurors for the present term of the Russell circuit court, including those who were summoned as reserves:

GRAND JURORS.

S. B. Collins, Uriah Dunbar, A. G. Coffey, J. S. Dickerson, L. R. Holder, Dillard Aaron, Wolford Wilson, Luther Miller, J. S. VonLinger, H. C. Wilson, G. F. Eastham, John Antle.

PETIT JURORS.

C. R. Dowell, B. O. Bernard, W. M. Wilson, J. H. Phelps, S. Rexroat, L. C. Irwin, B. H. Hall, B. D. McFarland, Jeff Thomas, Ed Sullivan, G. D. Conover, J. E. Absher, J. A. Webb, Mark Brown, J. V. Stephens, L. W. Chumbley, W. A. Beck, Larkin Story.

It is impossible for the News to secure all the names of those who attended the dedication at Campbellsville last Sunday. Suffice it to say that something like one hundred persons, residents of Columbia and in the vicinity went over in autos and buggies.

Mrs. W. P. Summers entertained a few of her friends to six o'clock dinner on Thursday, at her home on Bomar Heights. The guest were: Mrs. G. F. Stults, Gordon Montgomery, F. A. Rosenbaum, Allen Walker, S. P. Miller and Miss Octavia Reed.

Bring your mules to Columbia next Monday. Harry Lazarus & Co., will be here. They are quick buyers. Want them to be from 14-1 inch to 16 hands high. From 4 to 6 years old.

Misses Mary and Susan Miller gave a picnic on their lawn Monday afternoon for their guest, Miss Mary Edwards, of Louisville, and their brother, Dr. O. P. Miller.

Mrs. Feta Eubank will please accept the thanks of News office for some delicious apples.

Standard Oil officials have appeared before the Trade Commission to give reasons for the advance in the price of gasoline.

From Tallulla Illinois.**Editor News:—**

Clarence Marshall and H. O. Curry made a trip from Phoenix, Ariz., to Tallulla, Ill., in a Ford automobile. We were accompanied by I. L. Sibley, of Albion, Mich., and Eddie Cook, of Niagara Falls, N. Y., who had been spending the winter in California. They were also making the trip in a Ford. They spent the night with us in Tallulla. We met many people going to various places in the West. We passed several large cars. Seemed as there was something liking or too much one about the large cars. Eddie and I were the boys so we did a boys part. We were caught in a hail storm in western Kansas. The hail stripped most of the leaves from the trees, killed many sheep and damaged wheat considerably. We were water bound one-half day. We run through water more than two feet deep for more than a quarter of a mile. We boys waded in front in order to give the driver an idea where the road was. We gathered many souvenirs and took many snapshots.

We left Phoenix for Tallulla May 19 and arrived June 3, being on the road 16 days, but we were not traveling every day. We ate at hotels, but slept in our car. The distance travelled was 2,156 miles. We used 119 gallons of gasoline and 7 gallons of oil. The gas cost from 16 to 45 cents per gallon. Oil averaged something like 23 cents per gallon. The best we did in one day was 286 miles. Some of the road was very rough with many hills and many short and dangerous curves. The tall timbered mountains are called Bill Williams mountain, from the famous scout, who is buried near the summit and who gave his name to the town.

After leaving the mountains the country gradually changed from semi desert and grassy mesatype to wooden uplands, pine covered mountains and valleys. The San Francisco peaks reach an altitude of 12,790 feet, at the base of which nestled the town of Flagstaff. The roads were in good condition. Along the road a picturesque, extinct volcano is seen to the North. The crater seems to glow as if it were still alive. The peculiar effect is the result of large deposits of sulphur about its ruins.

We enjoyed the beauties of petrified forests. Here huge trees lie in a beautiful petrified state. Centuries ago the hot volcanic springs which bore dissolved silica. When the water receded, the silica crystalized into a flint like substance. We next entered Dadel National Forest. In this beautiful stretch of timber it was not unusual to see a small bunch of deer or cantelope. All the time we were climbing the distance of 51 miles over the continental divide, having an altitude of 8,200 feet. This region was very sparsely settled. Our next general direction was North up the Rio

Grand river valley. The altitude of this section is between 3 and 4 thousand feet. The grass is very good and the surrounding country supports large herds of stock. The road is very fine passing upward through the Blue Canon, an ascent of 1,000 feet.

We next made a drop of 1,000 feet from the high plateau on which the old capital of the of the southwest is located. It is advisable to get in "low" and go down the plateaus on compression, as the slightest accident here would cause destruction. There is much fertile land along the Rio Grande, which supports a large Mexican population and produces large crops of alfalfa, Mexican beans, corn and other small grain.

Just after leaving the small town, Pecos, on the right were the ruins of old Pecos church built about 1640. These ruins are among the oldest in America. The country surrounding Santa Fe, with its cliff dwellers and other ancient ruins offers an unlimited study of archalogy.

We next traveled through a wide mesa country hemmed in by mountains. We now begin to leave most of the snowclad mountains. For some time we travelled through the Arkansas river valley. In this locality sugar beets are the big cash crops and to provide for the conversion into sugar. Large factories are located at various points. If you remember, it was Trinidad where the clash between miners and federal troops occurred in 1914. The next distance of 112 miles is to be made without food unless carried with you. Our next trail was called the day route, and it was on this run we bought water, as it was necessary to carry several gallons. After leaving Great Bend we travelled a level prairie road at the crossing leaving Great Bend, Indian graves surround the site where old Fort Zarah used to stand.

We talked to many farmers. They say that there was very little grain planted last year. What was did no good. We were told it had been raining there for a year not missing three days in succession. At last we reached the outskirts of Chillicothe, so we boys tired the cars, ran into town at the rate of 20 miles per hours, not having seen the speed limits. So there is where we tipped a sore headed Mayor.

Bowel Complaints in India.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable at Paul Drug Co.

Elopers Had Gay Wedding.

Robert Baker and Miss Effie Powers, who eloped from Haileys Mill, Ky., to Clarksville, Tenn., encountered an unusual experience. They arrived in the night while the local Knights Templar commandery was in the midst of a ball in the Court-house. The court clerk, a member of the commandery, was sought from the dancing throng to issue a license, and was accompanied by another member of the fraternity to act as a witness.

To the latter it occurred that it would be a feature worth while, both to the Templars and their guests and to the couple, to have the ceremony performed in the ball room. The proposal was accepted, the couple led to the center of the floor and a clergyman from the ranks of the Templars united the young people.

After the ceremony, an officer of the commandery took the chapeau of a knight, suggested that the couple be given a wedding present and a collection realized them a nice sum.

He Took Marriage Calmly.

Edward L. Kuhn, aged 45, owner of a general merchandise store near Lawrenceburg, Ind., doesn't let a little thing like marriage deprive him of his sleep. The other day he married Mrs. Anne Moore Davis, a dressmaker of the same neighborhood—but not at the time planned.

Mr. Kuhn went to Lawrenceburg in an automobile and the bride-to-be arrived on a late train. While waiting for Mrs. Davis, the bridegroom obtained a marriage license at the office of the county clerk, then sat down and went to sleep.

When the day's work was done, the clerk and his deputies, not noticing Mr. Kuhn, locked the office and went home. Several hours later the merchant awoke and found himself locked in the office in the dark. He shouted for help several times and finally attracted the attention of the sheriff, who released him. Then he hurriedly found his bride, who was beginning to get worried, and the two made a late visit to the parson.

Such Ignorance.

Ex-War Secretary Garrison said in a preparedness argument in Camden:

"The defenders of a militia army reminded me in their ignorance of the mother at the ball. This mother was chaperoning an exceedingly beautiful daughter. She hovered round the girl all the time—hovered proudly on the edge of a deep circle of men—for her daughter was undoubtedly the belle of the evening.

"During the war talk the girl cried gaily: 'The casue belli! What was the casus belli?'

"Her mother stood on tiptoe, shook her finger at her beautiful daughter across a dozen men, and called reproachfully: 'Grace, dear, how often have I told you to say 'stomach,?'

Just in Time.

A German shoemaker left the gas turned on in his shop one night, and upon his arrival next morning, struck a match to light it. There was a terrific explosion and the shoemaker was blown out through the door, almost to the middle of the street.

A policeman ruseed to his assistance, and after helping him to raise, inquired if he was injured. The Teuton gazed into his place of business, which was now burning quite briskly, and said:

"No, I ain't hurt, but I got out shush in time, eh?"—The American Boy.

A Captain of Comic Industry.

Bud Fisher, creator of "Mutt and Jeff," is the highest paid cartoonist on earth. He gets \$150,000 a year for making the American people chuckle—which is twice what the President gets for shaping their national destiny. Furthermore, Fisher is troubled neither by international complications nor by office-seekers. His office is in his hat.

For drawing six comic strips a week for forty eight weeks a year this genial humorist received \$87,000. The rest of income is made up from vaudeville engagements which bring in \$1,000 a week; the proceeds from five "Mutt and Jeff" shows and animated cartoons; the sale of an annual "Mutt and Jeff" book, postcards, plaster figures, buttons and other novelties.

On the average it takes Fisher two hours to draw his comic strip for which he is paid at the rate of \$270 an hour, or nearly five dollars a minute.—Ex.

Naval construction authorized during the first two years of Woodrow Wilson is just two and a half times that authorized during the same period of the Roosevelt administration, and the total authorization under four years of Wilson equals that under the 16 years of McKinley, Roosevelt and Taft combined. And still the colonel thunders that the Democratic party is doing for naval preparedness.

Iowa is Nature's Masterpiece.

In the July American Magazine is an article on Iowa by Herbert Quick who tells why this state is one of the garden spots of the earth.

"Nothing has been left undone by nature to complete the work," he says, "First Destiny covered Iowa with the waters of the sea, and for millions of years there dropped to the dark levels of this primordial ocean the lime, the gypsum, and the clays which form the basis and provide for the renewal of her soil. There fell also the sandstones for her buildings, when man should come to make them. Then the seabed rose, the waters receded, and in the hot, moist breath of the carboniferous era were laid down the coals, so that when man came he might find the sun's heat stored for him, clay for that heat to convert to brick, and lime, gypsum and clay to combine with heat into that liquid rock which pours like water and turns to living stone.

"But His hand was stretched out still. The clays and ledges and sands were then no better than those of any other land. They would not do for the Masterpiece. So there came on the earth a great chill, and the waters were made into a plow, and with that plow of ice the granites of the north were ground up that their potash might be made soil, and the phosphates were mingled with the potash, and through all ran the lime; and the glacial plow passed over Iowa and made of her a great plain of smooth tith, and strewed it with black drift fit for the pigmy plows of man.

"Then Destiny waited while the waters made channels for themselves. And the swamps dried up. And for millions of years the forces of nature stored nitrogen in the black soil, and filled it with vegetable mold like that which delighted the Children of Israel when they spied out the Promised Land of Canaan, and reported that it was a goodly land."

The receipts of live stock on the Chicago market last week were, in round numbers, 40,900 cattle, 124,200 hogs, and 77,400 sheep. The total receipts of live stock on the Chicago market last week compared with the previous week decreased 21,900 hogs and decreased 200 cattle, and increased 22,800 sheep. Compared with the corresponding period a year ago the cattle increased 900, hogs decreased 21,500 and sheep increased 25,900.

Caranza's failure to comply with the demands of the United States means open war. Nearly all the States in the Union are mobilizing their State guards, making ready to go to the front. When Uncle Sam lays his hand upon Mexico the trouble in that benighted country will soon be settled. The young men of this country are eager for the fight and are enlisting as rapidly as examinations can be made. War is terrible, but when it becomes necessary this country was never known to shirk.

Woodrow Wilson stands for Americanism first, last and all the time. Do you know of a German paper in the United States that will advocate his election? The German Americans have been notified by the Kaiser to support Hughes. This declaration will stimulate patriotic Americans to work all the harder for Wilson.

National Democratic headquarters is in New York, and notwithstanding letters of acceptance from Mr. Wilson and Mr. Marshall have not been published, active work is now in progress.

At a meeting of the State Central and Executive Committees of the Democratic party, held in Louisville last Wednesday, initial steps were taken for a thorough organization of the State.

Wilson, peace and prosperity will be the slogan for the next few months.

WHY WILSON SHOULD BE RE-ELECTED.

Woodrow Wilson should be re-elected—

Because he has kept this country out of war, when a single mistake in a hundred instances in the last year would have plunged the United States into war.

Because he, through Congress, has provided for all the preparedness the United States needs to protect the country from foreign invasion.

Because we have prosperity under his administration when all the rest of the world is practically bankrupt.

Because he has given to the country a system of regional banks which makes a financial panic impossible.

Because he has forced Germany to abandon its submarine policy upon passenger and merchant ships in accordance with the accepted principles of international law.

Because the farming interest, the backbone of our prosperity, is receiving the highest returns in the history of the nation for everything raised on the farm.

Because he exposed and drove out of Washington the corrupt lobby which had for so many years controlled legislation.

Because the manufacturers in this country are so prosperous under the Democratic tariff law that they can not manufacture enough goods to fill their orders at higher prices for their goods than ever received before.

Because he has established such cordial relations with South American and Central American countries that the manufacturers in this country are almost monopolizing their trade.

Because skilled and common labor is receiving a higher wage now than ever before.

Because he has provided a merchant marine, which will prevent our producers on farm and in factory from being robbed of foreign trade by extortionate tolls.

Because he is the first American to-day in the world, standing first for America.

Because his defeat would discredit this Nation in Europe like the proposed plan to stop Americans from traveling abroad would have discredited his diplomacy.

Because the Republican party offers no specific thing which would be better for the country than what Wilson has given us or what he stands for.

Because in his foreign policy he has stood for the neutrality of the U. S. following the precedents of Washington, Jefferson, Lincoln, Grant and Roosevelt.

Because when we have peace, prosperity and preparedness it would be a serious blunder to change political parties in control at Washington.

Because those German Americans who stand for Germany above the United States are against him.—Elizabethtown News.

J. M. Ledbetter, an old Confederate Veteran of the Civil war, passed away last Monday night. He was a well-known citizen of this place. He was nearly 80 years of age. He leaves a wife, two sons and three daughters. His funeral services were conducted Tuesday evening at Liberty Presbyterian church, of which he was a consistent member, by Rev. Norman Johnson.

Mr. Matt Harrison, who lived on Robinson creek, near Elk Horn, died last Monday morning. He was affected with gall stones and decided the latter part of last week to a surgical operation. The operation was apparently a success, but unlooked for complications set up, which brought about his death. His funeral services were held at the Baptist church, Elk Horn, under the auspices of the Masonic lodge. He was 40 years old and is survived by a wife and numerous relatives.

Mr. Bud Gowdy, one of the most pleasant gentleman of our town, and who has devoted much time to the bee industry, met

There were six applicants for teachers' certificates in the June examination. Three second class and three failures are reported.

The various churches of Campbellsville agreed to have no services Sunday on account of the dedication of the Christian church. The congregation of that church have reasons to feel proud of their efforts. It is one of the most imposing edifices in Central Kentucky. Its members have been cramped for room heretofore but has ample space to meet all future exigencies.

It is reported that the Baptist will be ready to dedicate their magnificent church in the late summer.

The sentiment for good roads has developed wonderfully in our county, but we haven't the access to funds to carry it out. The indications are that we will collect no county revenue this year, and prospects are not much more flattering for the future.

There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

EATS LIKE A PIG SLEEPS LIKE LAMB

Youngstown Woman Laughingly Tells of the Astonishing Relief She Gained

"I can eat like a pig and sleep like a lamb," laughingly said Mrs. B. Henderson, of 116 South Hazel street, Youngstown, Ohio.

"I know this sounds rather 'pig-rish'," Mrs. Henderson explained, "but I can hit upon no words that describe my present condition better. Especially is this true after the many years of suffering I went through.

"Indigestion, catarrh of the head, nose and throat, kidney and liver trouble and nervousness all had a tight grip on me. Words cannot describe the pains and agony I underwent.

"There was a bloating of gas on my stomach after eating, I suffered headaches, my nose was stopped up, mucous formed in my throat, my eyes were weak at times and my kidneys were sore. A general run-down condition of health is what I really suffered from. Never did I feel energetic and it was impossible for me to relish food.

"I tried almost every medicine that came along, but none of them did me any good. I finally concluded that there was no hope for my recovery. I read of Tanlac, friends told me about it, and relatives begged me to take it at first, but I kept on refusing. Each day my condition grew worse and I was driven by desperation, I suppose to take another chance on finding relief in a proprietary medicine.

"Ten days of Tanlac treatment made a new woman of me. No longer do I suffer from any of the old ailments. Oh, what a pleasure it is to feel good once more. I can't help from praising Tanlac day and night. If any of my friends or people who hear of my case suffer anything like I did, I urge them to take Tanlac."

Tanlac is being introduced in Columbia at the Page & Hamilton drug store.

**HARVESTER COMPANY WAGE
INCREASES SINCE 1902**

During the recent labor disturbances
which spread from various manufac-
turing establishments all over the
country to the Chicago works of the
International Harvester company,
some interesting information was
brought out concerning wage increases
during the last fourteen years. At the
very beginning of the disturbance in
the Harvester plants, the management
ordered a careful investigation of the
wage increases to its employees since
1902, the year the company was orga-
nized. In order that this investigation
might be fair, accurate, and impartial,
the company went outside and en-
gaged a firm of certified public ac-
countants to make a detailed examina-
tion of the pay rolls from the year of
the company's organization down to
the present.

Without waiting for this report, the
company proceeded at once to offer its
employees in the McCormick and
Deering works a new schedule, in-
creasing the minimum rate to 25 cents
an hour and granting a new rate which
was equivalent to a wage increase of
11.9 per cent. This new schedule
was applied to all employment, piece
work or time.

Examination of the pay rolls by the
certified accountants showed that the
wages, even before the recent in-
crease, were much higher than those
in effect when the company was or-
ganized. The following certified re-
port was made as to the McCormick
and Deering works:

CERTIFICATE

We have made an investigation
of the pay roll situation at the
Deering and McCormick Harves-
ter works of the International Har-
vester company of New Jersey, and

WE HEREBY CERTIFY, That
the average hourly rate of wages
of employees of these works (ex-
clusive of superintendents and
general foremen) during April,
1916, shows an increase of 50.34
per cent over the average hourly
rate for the manufacturing season
of 1902.

(Signed) HASKINS & SELLS,
Certified Public Accountants

This report shows an increase of
more than one-half in the hourly rate
of wages from 1902 down to April, 1916.
When to that is added the increase
granted in the new schedule effective
May 1st, it makes the actual total in-
crease of the hourly wage rate from
1902 to the present time 67.03 per cent
—more than two-thirds.

A week later the same firm rendered
another certified report covering the
Deering and McCormick twine mills,
as follows:

CERTIFICATE

We have made an investigation
of the pay roll situation at the
Deering and McCormick twine
mills of the International Harves-
ter company of New Jersey, and

WE HEREBY CERTIFY, That
the average hourly rates of wages
of employees of these mills (ex-
clusive of superintendents) during
April, 1916, show increases over
the average hourly rates during
the manufacturing season of 1902
as follows:

	Per Cent.
Female employees	58.59
Male Employees	51.47
All employees	55.91

This comparison is on the day
shift only; night workers are paid
a premium of 10 per cent over day
wages, which was not the practice
in 1902.

(Signed) HASKINS & SELLS,
Certified Public Accountants.

But there had also been a new
schedule for the twine mills, effective
May 1, 1916. Adding the increase in-
cluded therein to the figures of the
certified accountants' report, the total
increases in the twine mills from
1902 to date are:

	Per Cent.
Male workers	76.84
Female workers	96.58
Total	86.46

That means a total increase of the
hourly wage rate in the twine mills,
from 1902 to date, of more than four-
fifths.

The farmer has not felt the effect of
these increases in wages for the sim-
ple reason that by improvements in
processes of manufacture and by the
development of efficiency in the works
the company has been able to offset
the increasing cost of labor.

The recent rise in prices of farm
machines was due solely to the abrupt
and unusual increase in the cost of
raw materials used in their manufac-
ture. Material prices will doubtless
go back to their former level in time,
but wage increases may be regarded
as permanent additions to the cost of
production.

Switched Boys to Safety.

Twelve boys, joy-riding on a
stolen handcar, were saved from
death recently at Paterson, N. J.
by a railroad towerman, who
opened a switch and sent them
hurling down an embankment
just before a Lackawanna ex-
press flew along the same track.

The boys found an abandoned
handcar beside the Lackawanna
tracks near the Paterson station
and put it on the eastbound track
Frank M. Barr, station agent,
saw them go past the station
and telegraphed to a towerman
a mile away at Paterson Junc-
tion to stay them. Five minutes
later the towerman heard the
rattle of the car and the whistle
of an express around the curve.

He opened a switch, and the
handcar left the main track,
sped along a siding and toppled
down an embankment. Two
boys were thrown against a barbed
wire fence and seriously cut.
The towerman closed the switch
and the express flew by.

HUSBAND RESCUED DESPAIRING WIFE

**After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.**

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Rain and plenty of it last week. Wheat harvest is on this week and a crop too.

Strong Hill, of Glasgow, was here this week in the interest of hardware.

Miss Elsie Nelson, of Greensburg, visited her mother near here several days of last week.

Joel Rodgers is in Louisville this week having some repairing done on his mill, getting ready for the new crop of wheat.

Robert Wethington spent last Saturday and Sunday in Columbia.

Robert Wilson, of Cane Valley, and Walter Goff, of Columbia, passed through our place one day last week en route for Tompkinsville. They motored through regardless of the bad road.

Robert Reed, of Columbia, spent a day or so here last week looking after insurance.

Misses Lula Moss and Ruth Holladay are visiting at Edmon-ton this week.

Mr. Herschel Shirrell, who is on the road selling poultry food, is making fine success and we understand his remedies are fine for all kind of fowl diseases.

Adair Spoke Co., begun work here the first of the week. When they get their machinery all trained up they think they will do a good business here again this season.

Cordie Wilson, during the electric storm last Thursday night, lost by lightning, a very fine milch cow and several head of hogs.

G. W. Pickett and son, of Pickett, were in this community last week looking after cattle and sheep.

Our people are having plenty of good things to eat out of their gardens at this time. Uncle Robert Keltner says he has the largest Irish potatoes that is grown in this section this season at this time. Uncle Bob grows the Bull Mooser kind and he says they can not be beat. If they can they have failed to show up.

Mr. S. C. Neat, the well-known groceryman of Columbia, was calling on his trade in our town one day last week. Schuyler is a good fellow and gets a good share of the business of our town.

The all day singing last Sunday, at Smith's chapel, conducted by Messrs. Campbell and Bennett, was largely attended and fine music rendered. The people who attended were highly entertained.

L. C. Cook, who has been dangerously sick for the past three weeks, is holding his own very

well, and it is hoped that he will recover. He is having the best of attention by his physician and also a train nurse from Louisville.

Allen Kemp delivered the best lot of hogs here last week to Ray Caldwell that has been brought to this town this season at 8c per pound.

Since the completion of the subscription of the proposed rail road coming into the town of Columbia, the spirit of improvement has struck our people and we have made a large subscription to build a first-class road from this place to Union church.

Such men as W. L. Grady, R. L. Wethington, Thos. Dowell, Silas Cain and many others to number our too mention are at the back of this enterprise. We expect to raise our subscription list to one thousand dollars. Some have subscribed \$100. We expect the subscription to be paid in either cash or work on the road. Said work is to begin not later than the 1st day of August and to be continued until work is completed. We have the assurance from as U. N. Whitlock and others that the matter will be taken up from Bliss and the road completed in like manner to Union church therefore we will have a good road from Gradyville to half-way to Columbia anyway, and we shall expect the good citizens living on the road from Bliss to Columbia to see that the road is continued from Bliss Columbia. You good farmers living on said road, we all know who you are, should take the work up and see that the work is done and when the road is completed it will be paid for, and we will have a good road with but little expense. We have an example of the work on the Bliss hill that U. N. Whitlock and his brother, Ed, looked after and this road was good all winter, while part of the road from this town to Bliss was impassable and dangerous to man and beast to travel. Let us fix the road right and will have good roads all the time.

Misses Ruth Hill and Maud Wilmore, two of our popular young ladies, visited in Columbia last week.

Forethought.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." For sale by Paul Drug Co. Adv.

Crocus.

The farmers are now cutting wheat in this section.

We are having lots of rain.

Corn is looking fine.

The Sunday school at Simpson is getting along nicely.

There was a very good attendance at the singing at Sulphur springs last Sunday, considering the death of Mrs. K. Walkup, which caused a shorter attendance.

Luery Thomas and Miss Cora Lloyd were married last Sunday by magistrate, Mr. Antle, near Union chapel.

Mr. and Mrs. B. S. Miller went to Danville last week, after their children who have been in school there for some time.

Bill Gifford's wife is very sick at this writing.

Authur Grant and Miss Clara Antle eloped to Tennessee one night last week where they were married.

Sam Grant, who has been on the sick list for some time, went to Glensfork to consult a doctor.

Tilford Petty and wife went to Bowling Green a few days ago.

Otha Bibee is running a saw mill near this place this week.

Matthew Aaron and wife visited J. W. Vaughan last Sunday.

L. J. Jones is building Hiram Jackman a two story dwelling.

J. Z. Collins, of Kneedmore, put a metal roof on part of his his dwelling last week.

WAR SITUATION

A detachment of the Tenth Cavalry and de facto troops under Gen. Felix Gomez clashed recently at Carrizal, ninety miles south of El Paso. According to reports gathered from Mexican sources the American casualties will reach twenty, while twice that many Mexicans were killed. Gen. Gonzalez, Commander at Juarez, stated that in addition to the dead seventeen Americans were taken prisoner to Chihuahua City. Gen. Gomez is known to be among the dead Mexicans.

Versions of the cause of the engagement vary. An American returning from the interior passed the station nearest the scene of the engagement and reported that he had overheard some of the Mexican troops involved saying that they had entrapped the United States soldiers by means of a flag of truce. The Mexican official account, however, states that the Americans fired first upon a messenger sent forward to request the withdrawal of the American forces. Heavy Mexican machine gunfire is said to have been the cause of many American casualties.

El Paso, Texas, June 22.—Twelve American soldiers, including their commander, were killed in the battle of Carrizal yesterday and seventeen others were taken prisoners, according to official announcement to-day by the Mexican Consul here. The Mexicans lost fourteen men killed and thirty wounded. No mention was made of any American wounded.

The consulate announcement said complete details had been received from Villa Ahumada. The Americans removed their wounded with them.

The name of the American commander still is unknown. The bodies of the American dead were counted as they lay on the field of battle.

The Mexicans claimed they captured twenty horses and twenty rifles at Carrizal.

San Antonio, Tex., June 22.—Gen. Pershing reported to Gen. Funston to-day that he had not yet received a report on the fight at Carrizal, but added that on information sent to him he had sent out two squadrons of the Eleventh Cavalry with instructions to get into touch with the troop of the Tenth that was engaged yesterday by the Mexican forces.

Gen. Funston made it plain that Gen. Pershing's first report has not altered the general situation and that no special orders will be issued until Gen. Pershing has rendered a report in detail of the Carrizal fight and incidents that lead to it.

Gen. Pershing said that all his men had positive orders not to do anything calculated to precipitate a fight with troops of the de facto Government.

Although unstated in Gen. Pershing's report, officers at department headquarters drew the inference that Capt. Charles T. Boyd was in command of Troop H, the troop believed to have been the one engaged at Carrizal.

Field Headquarters, June 21 (via radio to Columbus, N. M., June 22).—Carranza troops have been reported close to the southern end of the American lines. Gen. Pershing is maintaining strong outposts in every direction and taking every precaution to prevent trouble arising. The American troops, after three months of campaigning, are in magnificent form for any sort of work.

Washington, June 22.—No reason for a change in policy toward Mexico is seen by the Washington Government in Mexican accounts of the clash at Carrizal yesterday between American and Carranza troops. Until a full report comes from Gen. Pershing there will be no decision, but President Wilson is said to view the fight as an in-

cident for which subordinate commanders probably were responsible and not as an act likely to precipitate general hostilities.

Paris, June 22.—After violent attacks lasting all night the Germans captured front line trenches between Fumin wood and Chenois, in the Verdun sector, according to an official statement issued today by the war office.

The Germans attacked in force on both banks of the Meuse after the usual heavy bombardment. An attack on the south slope of Dead Man Hill was checked by grenade detachments according to the official statement.

On the right bank of the river there were violent engagements, west and south of Fort Vaux, during which the Germans gained a footing in a corner of Fumin wood, but were immediately expelled. Later they returned to the attack when some trenches were captured. A German grenade assault north of Hill 321 was stopped by the French fire.

The Germans launched strong attacks against the French positions along the Meuse, but were everywhere repulsed by the French artillery.
